"When you buy into our end-to-end mobile business solutions you leave yourself free to focus on your core business."

Mark Finlayson, Managing Director

Mobile Business Solutions

Rely on Next Communications to provide everything required to meet your communications needs, whatever the size of your business.

- Leading brand handsets with backup support
- Mobile email and document access
- Mobile web access
- Hands-free car kits and accessories
- Real-time vehicle tracking
- Personal service – no call centres
- Great value for money

Next Communications support you in all aspects of your mobile communications, leaving you free to concentrate on what you do best.

Handset Supply and Support

We give you the best in business mobiles. Whether you need a mobile phone, a PDA or a Blackberry, we programme, install and configure it to your requirements. It doesn't stop there, our dedicated after sales team ensure you stay on the best tariff packages, to keep your monthly costs to a minimum.

- Single point of contact and personal service
- Regular tariff review meetings
- Keep your mobile number when transferring to us
- Unbeatable warranty support
- Fantastic range of latest handsets
- In-house servicing and repair

So whether you are looking for a business mobile for the first time or want to change your supplier, remember it is our impressive level of support that sets us apart from the competition.

Mobile Email Mobile Broadband

Our extensive range of mobile email and broadband products are designed to keep you connected at broadband speeds wherever you go.

- Mobile access to email, calendar, contact and tasks
- Mobile access to documents and files
- Direct connection to Microsoft Exchange
- Plug and play USB modems
- Netbook PC's with mobile broadband connection

Mobilising your data and e-mail, revolutionises the way you work.

Installation Services

The wide range of hands-free car kits, headsets and hands-free accessories available, means we can find the perfect solution for your business.

- Fully tested hands-free kits and accessories
- Bluetooth or installed handset cradle options
- Our own fully qualified, experienced engineers
- Installation at your home or office
- Integrated with any vehicle make or model
- Full 12-month guarantee

Having a car kit installed improves convenience and safety. Our engineers will make sure the installation works for you and are always on hand to help you get the best out of it.

Vehicle Tracking

Designed to put you firmly in control of your fleet, the Trakm8 vehicle tracking system offers real-time visibility of your vehicles via a web-based application accessible from any PC.

- Simple to use – works on any PC connected to the web
- Reduces costs, improves fleet productivity
- 24/7 monitoring of overtime, driving habits and deliveries
- Full menu of reports
- Regular reports by e-mail
- Increased security for vehicles and contents
- Costs from as little as 47p per day
- Full on-site service warranty

Installing a Trakm8 vehicle tracking system is one of the best investments you can make in your fleet.
