

Introducing the BlackBerry® PlayBook™ tablet.

The world's first professional-grade tablet.

- Get the mobility, security and immediacy of your BlackBerry® smartphone, on the BlackBerry PlayBook tablet
- Internet the way it's meant to be – uncompromised, full-fidelity web browsing, true multi-tasking with Flash & HTML5
- Engaging multimedia experience
- Unparalleled performance and reliability with BlackBerry tablet OS

Your world

- The mobility, security and immediacy of your BlackBerry smartphone with seamless access to:
 - Email inbox with full attachment support
 - Calendar
 - Address book
 - Memopad & Tasks
 - BlackBerry® Messenger
 - Corporate Intranet
- BlackBerry® Bridge™ – pairs your BlackBerry® smartphone with your BlackBerry PlayBook tablet, leaving it clear when you disconnect

Your experience

- Access all Flash websites and web-based applications
- QNX operating system for reliable, secure and stable multi-tasking
- The only tablet that doesn't require a tablet data plan
- Micro HDMI-out for connection to external displays; ideal for meetings and presentations
- Compelling package of multimedia capabilities provides an unparalleled, uncompromised experience that your end users will love

Your apps

- Fully sandboxed and secure access to your corporate intranet
- Access your web-based applications and services through the BlackBerry PlayBook tablet's world-class browser, including support for Flash-based content
- Run multiple applications seamlessly, simultaneously and fluidly

ARE YOU PROTECTED NOW?

Do you ever worry that you'd be lost without your BlackBerry® smartphone?

Well, you don't need to worry any longer. BlackBerry® Protect™ gives you all the security that you need. BlackBerry Protect is a new, free app download from BlackBerry App World™. You'll have the power to:

Lock it. Remotely wipe or lock your phone, change your password, plus you can even add a lost-and-found message on to the screen

Track it. Find your BlackBerry smartphone on our helpful map

Sync it. Back up the contents & apps on your BlackBerry smartphone and then move them over to your replacement phone, over-the-air

Ring it. Activate a loud ringer if you've lost or misplaced your BlackBerry smartphone. You'll be able to locate it if it's still in your vicinity. Even if it's on silent!¹

Relax and know that your BlackBerry smartphone is in safe hands.

Get BlackBerry Protect today at

To download, scan this barcode with your BlackBerry smartphone

BlackBerry® Torch™ 9900 smartphone.

*BlackBerry Protect is only available on BlackBerry® Internet Bundle. BlackBerry Protect is already available if you are on a high-tier data plan. ¹ If your BlackBerry® smartphone is off, it will not ring. The BlackBerry® Protect™ application is available at no charge to the user. Check with your service provider to determine costs that may be associated with downloading and using the software. BlackBerry® Protect™ requires the following: 1. Activation on any Internet enabled data plan, 2. BlackBerry™ smartphone with at least 2.5MB of application memory available. 3. BlackBerry Device Software 4.6 or higher. BlackBerry Protect is not available to if your BlackBerry smartphone is activated on BlackBerry® Enterprise Server or BlackBerry® Enterprise Server Express and is not available in all countries. Visit www.blackberry.com/protect for details. When you subscribe for, acquire, or use third party products and services with RIM products or services you accept that: 1. It is your sole responsibility to (a) ensure that your airtime service provider will support all of their features; (b) identify and acquire all required intellectual property and other licenses prior to installation or use and to comply with the terms of such licenses; 2. RIM provides such products and services on an "AS IS" basis with no express or implied conditions, endorsements, guarantees, representations or warranties of any kind, and assumes no liability whatsoever with respect to them.
